

Archer Electrical

CASE STUDY/RETAIL/ 022 OCT 09

CLIENT: DREAMS BED SUPERSTORES
 LOCATION: Lincoln
 DESCRIPTION: Full Electrical Installation
 DATE: October 2009

Dreams Bed Superstore in Lincoln was completed ahead of schedule enabling the store to open earlier than its anticipated opening date.

We worked in unison with the Principle Contractor Powells Shopfitting Group ensuring that the project ran smoothly, which led to us commencing another fit-out for Dreams in Chesterfield whilst completing the Lincoln store.

This has provided us with the opportunity to provide our services to one of the UK's fastest growing retailers.

Dreams now boasts to be Britain's leading Bed Superstore with over 200 branches nationwide.

Testimonial:
What the client said:

"Archer Electrical exceeded all expectations with their performance on the Dreams store at Lincoln. From start to finish Nigel and his team were organised and flexible and the finishing work was excellent. We will be doing plenty of work with Archers in the future, and I would not hesitate to recommend them."
