

Archer Electrical

CASE STUDY/RETAIL/ 013 MARCH 2010

CLIENT: OFFICERS CLUB
LOCATION: London Oxford Street
DESCRIPTION: Full Electrical Installation
DATE: March 2010

Archer Electrical were selected for the strip out and full electrical re-fit of the Officers Club flagship store in London's prestigious Oxford Street.

This extensive re-fit included the installation of all new track lighting from TamLite.

The project was completed on time and was well received by the client.

Officers club was founded in the 1990s in Sunderland Tyne & Wear and is a nationwide menswear retailer providing on trend fashion at an affordable price with a reputation for great value.

Testimonial:

"It was rewarding to complete a trouble free installation which was very well received by both the principle contractor and client alike"

Ross Harrison
AAE Project Manager
