

Archer Electrical

CASE STUDY/LEISURE/ 091 MARCH 2020

CLIENT: ULTIMATE PERFORMANCE
 LOCATION: Leeds
 DESCRIPTION: Full Electrical Installation
 DATE: December 2019

Gym fit-outs have been a large part of our business in recent years having undertaken numerous electrical installations for Pure Gym, we have unrivalled experience in the electrical installations for the refurbishment and fit out of gymnasiums & fitness facilities.

As specialist Gym electrical contractors we have delivered installations to over 50 gyms throughout the UK to date and we were delighted to be awarded with two Ultimate Performance projects in Leeds and Liverpool.

Famous for training clients including Olivia Coleman, Kevin McHale, Scott Mills and Gemma Atkinson, Ultimate Performance (U.P) is bringing its ‘maximum results, minimum time’ mantra to Leeds with the launch of a new state-of-the-art gym in the city centre.

The brand new 3,000 sq. ft private personal training facility is located in the exclusive Sovereign Square development, a stone’s throw from Leeds railway station, marking the latest stage in the company’s global expansion, which now stands at 19 gyms in nine countries.

Leeds will be the company’s eighth location in the UK, with new gyms also opening in Liverpool and London St Paul’s alongside existing gyms in London City, Mayfair, Kensington, Manchester and Cheshire

Testimonial:

What the client said:

“The client is very happy with the way the gym looks. So thank you all for your hard work. Happy Christmas from us all at HEBS”.

Mark Hakim
